This shall not be more than the hourly wage of the Sewer Authority's lowest-paid employee capable of necessary duplication or publication in this particular instance, regardless of whether that person is available or who actually performs the labor.

These costs will be estimated and charged in _____-minute time increments as set by the Sewer Authority board (for example: 15-minutes or more); all partial time increments must be rounded down. If the number of minutes is less than one increment, there is no charge.

2. Labor Cost to Locate:

This is the cost of labor directly associated with the necessary searching for, locating, and examining public records in conjunction with receiving and fulfilling a granted written request. **This fee is being charged because failure to do so will result in unreasonably high costs to the Sewer Authority that are excessive and beyond the normal or usual amount for those services compared to the Sewer Authority's usual FOIA requests, because of the nature of the request in this particular instance, specifically:** _____

The Sewer Authority will not charge more than the hourly wage of its lowest-paid employee capable of searching for, locating, and examining the public records in this particular instance, regardless of whether that person is available or who actually performs the labor.

3a. Employee Labor Cost for Separating Exempt from Non-Exempt (Redacting):

(*Fill this out if using a city employee. If contracted, use No. 3b instead.*)

The Sewer Authority will not charge for labor directly associated with redaction if it knows or has reason to know that it previously redacted the record in question and still has the redacted version in its possession.

This fee is being charged because failure to do so will result in unreasonably high costs to the Sewer Authority that are excessive and beyond the normal or usual amount for those services compared to the Sewer Authority's usual FOIA requests, because of the nature of the request in this particular instance, specifically: _____

This is the cost of labor of a Sewer Authority employee, including necessary review, directly associated with separating and deleting exempt from nonexempt information. This shall not be more than the hourly wage of the Sewer Authority's **lowest-paid employee** capable of separating and deleting exempt from nonexempt information in this particular instance, regardless of whether that person is available or who actually performs the labor.

The Sewer Authority will not charge for labor directly associated with redaction if it knows or has reason to know that it previously redacted the record in question and still has the redacted version in its possession.

This fee is being charged because failure to do so will result in unreasonably high costs to the Sewer Authority that are excessive and beyond the normal or usual amount for those services compared to the Sewer Authority's usual FOIA requests, because of the nature of the request in this particular instance, specifically:

As this Sewer Authority does not employ a person capable of separating exempt from non-exempt information in this particular instance, as determined by the FOIA Coordinator, this is the cost of labor of a **contractor** (i.e.: outside attorney), including necessary review, directly associated with separating and deleting exempt information from nonexempt information. This shall not exceed an amount equal to 6 times the state minimum hourly wage rate of _____ (currently \$8.15).
